

Rules of the Races

1. If for any reason a child misses their race they may only run in the next possible race if the Race Director has been informed AND the teacher in charge has informed the adjudicators (in the cycle hut) Otherwise their time will not count towards an individual prize or the team prize.
2. For High School Races. Each school's best 3 races will count towards the school trophy. (This is to allow for fairness to single sex schools)
3. Only the first 4 runners over the line from each school will count towards the team prize, regardless of numbers entered in each race.

Please note that results given on the night will be 1st, 2nd and 3rd position in each race only. Team awards will be announced and delivered to schools by Monday 27th May. Overall team trophies will also be announced this way.

This will result in less waiting around at the end of the primary and high school races.
